CIRCULATING THROUGHOUT THE VAST AGRICULTURAL AREA OF PALM BEACH COUNTY

New Health Bld. Is Dedicated Dec. 18

"The State Health Department wants to do everything that it can to help Palm Beach County do an even better job than it has."

With these words, Dr. Wilson T. Sowder, State Health Officer of the State Health Department, sounded the official opening Sunday for Palm Beach County's new Health and Welfare Headquarters, a structure built and furnished at a cost of more than \$400,000.

The official dedication, arranged by County Commission Chairman Paul Rardin who acted as master of ceremonies, drew an audience of some 400 residents who heard Dr. Sowder praise Chairman Rardin and State Rep. Emmett Roberts for the work the two have done in aid and assistance for migratory workers.

Also taking part in the dedication were County Commissioner Lake Lytal, County Engineer Steve Middleton, Dr. C. L. Brumback, director of the county's health and welfare director, the Rev. Charles Stewart, Canal Point who gave the dedicatory prayer; the Rev. Timothy Carr and Rabbi Ivan Barton Good.

A guided tour of the new head quarters followed the dedication program.

Since moving to Canal Point more than a quarter of a century ago the Rardins have returned to Georgia every Christmas to visit relatives but this year the relatives will come to Canal Point for the Holiday.

This afternoon Mrs. Rardin's mother, Mrs. W. O. Strickland of Glennville, Ga., will arrive in Canal Point. She will be accompanied by an aunt of Mrs. Rardin, Mrs. J. E. Seckinger and daughter Kay, who is a student at Stetson University at DeLand.

Glades Office Bldg. Mgr. Hurt In Wreck

Mrs. E. L. Pope of Pahokee, office manager of Palm Beach County's Glades Office Building, was severely injured on her way to work Monday in a two car collision on SR 715 six miles south of Pahokee at 8:15 a. m., when the Buick sedan she was driving was rammed from behind by a Ford pickup driven by Clinton H. Thomas of Pahokee who was also hurt.

Headed south, Mrs. Pope's car had come to a stop with blinker light flashing to make a left turn at the Hooker Highway intersection when hit by the pickup. The impact threw Mrs. Pope into the back seat and out of the open rear right door into a small canal, where she was dazed but still conscious as a passerby pulled her out of the water.

The pickup, after hurling the Buick forward 92 feet, traveled on 825 feet before diving into a rock pit filled with water with the rear wheels clinging to the edge, according to Trooper R. L. Wetherington.

Mrs. Pope, taken to the Belle Glade Hospital, suffered from a bad two and a half-inch laceration over the right eye, fractured right collar bone and multiple bruises, Wetherington said. Thomas, with lacerations on forehead and a broken right knee cap was transferred to Good Samaritan Hospital.

Love Baskets Are Prepared By WSCS

Gifts for two Christmas love baskets were carried by members of the Margery Lair Circle, Pahokee Methodist WSCS, to the December meeting at the home of Mrs. C. A. Major. Mrs. Nola B. Smith was in charge of preparing the baskets.

Plans for a mission book study to be held on Fridays during January were announced by Mrs. Arch Blakey. A program, entitled "The Advent," was presented by Mrs. Major, assisted by Mrs. John Padgett, Mrs. Blakey and Mrs. Brown. Mrs. Major read a Peter Marshall Christmas story and Mrs. J. R. York, a Christmas challenge.

IT'S THAT TIME OF YEAR AGAIN!

Christmas Greetings

Another Christmas is with us and again it is time to say to one and all—MERRY CHRISTMAS! As we have so often said, there aren't enough words in the English language to express our sincere and heartfelt thanks for the many kindnesses we have received at the hands of the fine folks in Palm Beach County. So, with a spirit of humbleness and genuine gratefulness, we express our thanks to every person who has made the way a little lighter during the past twelve months. And, in the true meaning of Christmas, may we wish for you and yours A very Merry Christmas and a Happy New Year.

Frank Friend At 85 Celebrates Birthday

Frank Friend, 85-year-old pioneer resident of Pahokee, celebrated his birthday anniversary Sunday, December 18, at the Friend home on Bacom Point Road. Always active in farming since arriving on the eastern shore of Lake Okechobee in 1917, Mr. Friend was cultivating corn the other afternoon when he was stricken by a slight heart attack. He is on the mend and looking forward to the special Christmas Holiday on Sunday.

Commenting on his slight attack, Mr. Friend said he noticed that he didn't feel up to par that day but continued his particular task of cultivating a plot of sweet corn before going to the doctor. Through the years he has said that regular hours, plenty of work and kindness to one's fellowman go a long way toward bringing about a long and happy life. In this case it must be so as is evidenced by the splendid health Mr. Friend has enjoyed for a long, long time.

Annual Parties For Pahokee Graders

The annual Christmas parties for the children of the Pahokee Elementary School were held Tuesday afternoon with room mothers acting as hostesses. The tree in each room was decorated by the children who themselves designed most of the decorations. Gifts were exchanged.

The children of the third grade rooms of Mrs. Cleo Douthit and Mrs. Peggy Willis, who are studying Spanish, held "pinata" parties, the Mexican way of celebrating Christmas in which the children are blindfolded and strike at a huge Santa Claus bag filled with goodies until the bag is torn open, then the contents are divided among the children. Mrs. Howard Holman and Mrs. Julian Hodges were chairman of the hostess committees for these parties.

Mrs. Betty Shelley's first grade children were presented with handmade Christmas stockings filled with goodies as surprise gifts. Mrs. Richard Tillis was chairman of the room-mother hostess committee.

At the party in Mrs. Kathryn Cunningham's first grade room, with Mrs. Jimmy Shirley, hostess chairman, the children made white sequin candles to take home as gifts for their mothers.

Mrs. Ruth Miner was hostess chairman at the party for Mrs. Alyce Tyson's second grade children. Each child made a miniature pine-cone Christmas tree, decorated with snow and bead-like ornaments, to take home.

Entertainment at the party for Mrs. Evelyn Stoppa's sixth grade children, with Mrs. M. Andrews, hostess chairman, consisted of a talent show given by the children.

Hostess committee chairman for the parties at the other school rooms were Mrs. J. H. Wilkinson, Jr., (Mrs. Edna Maxson's first grade), Mrs. G. H. Tucker, Jr., (Mrs. Reba Golden's second grade), Mrs. E. C. Johnson (Mrs. Gladys Wofford's combination second and third grades), Mrs. W. O. Moss (Mrs. Beniah Boe's fourth grade), Mrs. Don Collier (Mrs. Frances Whitehead's fourth grade), Mrs. Jess Elliott (Mrs. Sarah Thomas's combination fourth and fifth grades), Mrs. J. S. Barwick (Mrs. Mae Laflin's fifth grade), Mrs. J. E. Batchelor (Mrs. Emogene Scott's fifth grade), Mrs. Eugene Laks (Mrs. Elsie Sims' sixth grade) and Mrs. Julian Branch (Mrs. Tommie Lee DuBose's sixth grade).

Local Lions Will Feed Needy Folks

The Canal Point Lions Club at the weekly dinner meeting voted to give baskets of Christmas food and gifts to needy families. President P. A. Slonaker appointed D. L. Hooks and Grady Echols to serve with himself on the committee in charge of the project. Motion pictures were shown of some of the highlights of the plays that will be presented through to Palm Beach Musicals this winter. It was announced the Palm Beach County Lions Association has taken up all the tickets for the opening night of the play, Fanny, to be presented in March, the tickets to be distributed among the various clubs in PBCLC for sale to club members.

State Chamber Head Looks At Future

DAYTONA BEACH — Henry Coleman, the new president of the Florida State Chamber of Commerce, says the chamber must step up its activities to meet today's challenges.

Coleman, who took over as head of the state chamber last month, says the organization has more

importance in Florida than in most states because of the tourist industry here.

Coleman's plans for stepping up the program include a proposed revision of the by-laws. He believes directorships should be rotated to get new blood into the organization's leadership. He also feels more districts should be created in order to group sections of the state with common interests.

Weeki Wachee Has More Tourist Pull

BROOKSVILLE — Weeki Wachee Spring on U. S. Highway 19 just north of St. Petersburg, has doubled the size of its underwater swimming show and has created a new theatre to attract a record crowd of tourists this season.

The theatre, constructed of pre-stressed concrete and featuring an unusual roof system, was constructed by DeWitt, Fumell and Spicers, contractors. Florida Prestressed Concrete Co. of Tampa produced the 19 barrel units comprising the theatre's spectacular roof structure.

The expanded "live" mermaid underwater show, plus the new underwater theatre seating 500 people, has resulted in a record number of visitors to this West Coast attraction. Weeki Wachee officials are looking for an unusually good winter season.

Motel Rates Price Wars To Be Banned

TALLAHASSEE — The advisory council to the State Hotel Commission has recommended that all outdoor advertising of hotel and motel rates be prohibited by law.

Hotel Commissioner Richard Edgerton said that signs featuring rates for motels and hotels had developed price wars that were "injurious to both the traveling public and the lodging industry."

The advisory council at a recent meeting voted unanimously to recommend that the legislature change the present hotel laws to make the outdoor rate advertising illegal.

TOYS FOR REAL . . . Toys for 1956 are realistic as toys in this electric sports car and hobby-horse bike. Manufacturers this year are concentrating on toys that will appeal to the whole family.

Simple Christmas Best for Children

Crowds of faces glowing with the Christmas spirit, Santa with his laughing eyes and hearty chuckle, gifts you can use and some you can't—that's a grownup's-eye-view of the holidays.

A forest of legs, a frustrating heap of things to touch and see and an endless journey of being pushed and pulled through a hot, noisy place—that's a child's-eye-view of the holidays.

If you give children a happier view of the holidays they'll give you a happier one too.

First of all, avoid crowds with your children. If they shop with you, it's best to take them immediately after a rest and not stay too long.

Preschool children often don't understand Santa Claus. Take them to see him if they want to go. Forcing them to sit on his lap often makes them cry and leaves unpleasant memories because they were frightened.

Children often receive so many gifts that they're confused and can't decide which one to play with first. After they open the gifts, put some away for a rainy day. See which they'd like to save for later.

The holiday season will be a pleasant time for your children if you keep it simple.

The same mistletoe which makes boys bold and girls blush at Christmastide had other meanings in other times.

Mistletoe, as one story goes, once was a full grown tree. Then its timber was cut for the cross on which Christ was crucified. Since then, it has retrogressed to its present state as a parasite, a plant which grows on other trees.

Ancient Druids worshipped mistletoe because it grew on their sacred oak. At the end of every year a Druid priest would cut down the mistletoe with a golden sickle, and not one twig was allowed to touch the earth. Later sprigs of mistletoe were often fastened over doorways to ward off evil spirits.

In Colonial days mistletoe was high and the lad who stole a kiss had to reach up and pull off one berry for every kiss. His kisses stopped when the berries were gone.

Exercise Care in Outdoor Decorations

If you light an outdoor tree, do it with care and caution.

Spruce, fir and pines, when not too large, are ideal for outdoor Yuletide display, but hemlock, yew, boxwood and aborvitae are a little more sensitive to the heat of Christmas lights and their needles may be scorched if caution is not used.

Outdoor lights should always be placed so they do not touch needles. Bulbs of 15 wattage are sufficient. Use only weatherproof electrical fixtures designed for outdoor use. Check the position of the lights each day and turn them on only at eventide. Be sure to turn them out before retiring.

Let a holiday spirit prevail, and
giver and receiver alike cherish
the happiest Christmas ever.

May the faith of the
children be strong in
your hearts.

Wildfires Ravage Florida Woodlands

TALLAHASSEE—Florida's forests and woodlands, which have been relatively free of fire for several weeks, are staggering under an outbreak of wildfires following the heavy frost of last week. Florida Forest Service totals show that 123 wildfires have burned nearly 1,100 acres of protected land during the first four days of December.

Hardest hit during this period have been struck by wildfire.

Extremely dry weather during the past two months, combined with the frost, has created a critical condition in Florida's woodlands. Conditions are not expected to improve until the state receives some rain, according to John Bz-thea, chief of fire control for the Florida Forest Service.

Through November of 1960, over 100,000 acres of protected land has been burned by wildfire. This is more than double the total acreage burned during the entire year of 1959. Man-caused fires account for approximately 90 percent of this year's burned acreage.

Gas Company Has New Group Officers

ST. PETERSBURG—W. J. Bowen, Sr., vice president and director of The Houston Corporation, has been named president of the pipeline and natural gas company. He also serves as president and director of Coastal Transmission Corporation and of Houston Gas and Oil Corp., both subsidiaries of The Houston Corporation.

The Houston Corporation was organized to bring natural gas to Florida. Its main transmission line totals 1,488 miles. Lateral lines from the producing fields total 445 miles, and lines supplying gas to cities and industries of Florida are 724 miles in length.

Freight Rates In Favor Small Areas

Greater recognition of the smaller communities of Palm Beach County in Florida motor carrier freight rate publications is being sought by the Palm Beach County Freight Traffic Bureau.

By having these communities named as stations in the motor carriers freight tariff, the Bureau expects to obtain better service, fewer lost or delayed shipments, and more accurate rating of freight bills, according to its director James W. Lee.

Lee explained that some smaller communities of the County and most of the newer cities are not listed as points of origin or destination in the freight tariff issued by the Florida Intrastate Rate Bureau. "While this does not prevent them from receiving truck service," he said, "the absence of these cities in the tariff may lead to confusion and delay in the handling of truck shipments."

The director said that he had filed a proposal with the Florida Intrastate Rate Bureau requesting this motor carrier agency to include in its tariff, Palm Beach County communities of Atlantis; Cloud Lake, Glen Ridge, Golf, Golf View, Greenacres City, Haverhill, Highland Beach, Jupiter Inlet Colony, Lake Clarke Shores, Mangonia Park, North Palm Beach, Palm Beach Gardens, Palm Beach Shores, Palm Springs, Royal Palm Beach, South Palm Beach, Tequesta, and University Park. A survey by the local traffic bureau had revealed that none of these communities were listed in the publication.

Lee said that he would attend the public hearing in Jacksonville when the proposal came up for review to offer additional supporting data that the Bureau also is surveying the tariff publications of other transportation methods to determine where similar changes should be requested.

Christian Science Group Of Canal Point

The steadfast light of the Christ, Truth, will be emphasized at Christian Science services Sunday.

The Christian story to be read in the Lesson-Sermon entitled "Christian Science" will include the following: "Now when Jesus was born in Bethlehem of Judea in the days of Herod the king, behold, there came wise men from the east to Jerusalem, Saying, Where is he that is born King of the Jews? for we have seen his star in the east, and are come to worship him" (Matthew 2:1, 2).

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy the following will be read (95:23): "Led by a solitary star amid the darkness, the Magi of old retold the Messiahship of Truth. Is the wise man of to-day believed, when he beholds the light which heralds Christ's eternal dawn and describes its effulgence?"
